NUMBER 57

SNOW REMOVAL GOES RAPIDLY

One-Way Road To Summit Cleared By Early Friday; Widening Is Undertaken

That the snow of the past winter would have presented no serious problem at all in efforts to keep U. S. Route 50 open to Lake Tahoe and points east was apparent Friday morning when it became known that a rotary plow engaged in snow removal on the route had reached the summit Friday morning.

This cleared a one-way road between Twin Bridges and the Summit and it was understood that the crew would center its attention on widening the road to two-car width during Friday.

Upon the basis of these reports, it was also apparent that the road over the summit to Tahoe might possibly be open for travel sometime between now and Monday, although with the possibility of a breakdown and consequent delay always a threat, officials in charge were reluctant to say when the snow removal may be completed.

However, having reached the summit by Friday morning, it seems more than possible that the plow will complete snow removal on Meyers Grade at a time well in advance of next weekend, which had been the time set for opening the road.

Although snow offered no problem in clearing the road to the summit, there were observers who pointed out that had the road been open to travel throughout the winter, certain sections of the road which are not yet up to modern highway standards of construction would have presented a serious maintenance problem under winter travel conditions.

Junior Play Thursday

Large Audience Commends Work Of Players And Orchestra In Presentation

Several weeks of rehearsal and other advance preparation by members of the Junior class at the high school were climaxed Thursday night by the presentation of the annual class play before a large and appreciative audience.

The class was assisted by the high school orchestra, directed by Charles W. Ball, which presented a group of numbers before the curtain and was heard again between the acts and at the close of the play.

The work of the cast of fourteen in "The Clutching Claw," a three act mystery, which had been prepared for presentation under the direction of Thomas Flynn, of the faculty, was well received and drew general favorable comment.

While some of the players displayed a slight case of "nerves," the narrative of the play was well sustained and the suspense necessarily a part of the drama was very well preserved.

The players and their director and assisting staff of stage managers, prompters, etc., may well chalk up the presentation as a success.

MRS. ETHEL HUGHES TO BE LAID AT REST ON SATURDAY

The funeral services for Mrs. Ethel Helen Hughes, wife of William C. Hughes, who died Wednesday, will be held on Saturday at 2 o'clock in the afternoon from the Dillinger mortuary chapel.

The Rev. Harold Morehouse will officiate at the service and interment will be at the cemetery at Smith Flat.

Mrs. Hughes is survived by her husband and her father, W. W. Ashby, who lives at Santa Ana, and by one brother, James L. Crane, of Santa Ana, and one sister, Mrs. Pearl Jackson.

A native of Los Angeles, deceased had resided in this county about five years, living in the Smith Flat district. Mr. Hughes has been employed in lumbering.

Otto Perschke was among the callers in the county seat from the El Dorado vicinity on Friday.

Heads Air Fleet

Valentina Stepanova Grizodubova, 28 (above), has been named chief of the international airlines department of the Russian Soviet civil air fleet. Last year she commanded an all-woman crew on a 3,717-mile non-stop flight from Moscow into the Far East.

INCOME DROPS ON LIVESTOCK

Beef Cattle Decline In Numbers, Sheep Increase; Feeding Volume Gains

SACRAMENTO — Accounting for 36 per cent of the total estimated agricultural income in California in 1938, the state's income from livestock, down ten per cent for the year, was estimated at \$179,223,000 by the Federal-State Crop Reporting Service at the State Department of Agriculture. An income of \$179,223,000 in 1938 may be compared with a corresponding total of \$199,742,000 in 1937 and \$175,816,000 in 1936.

Outstanding in the report are figures to show moderate decreases in numbers of beef cattle, hogs and chickens, a gain in sheep population, the reduced income from combined livestock enterprises, and a comparatively large volume of marketing of meat animals.

In preparing the report, Statistician George A. Scott pointed out that while the cash income from California livestock sources in 1938 was one-tenth less than in 1937, the relative position of livestock enterprises was more favorable than for crop production, in which field-to-total income for the year dropped 30 per cent.

Weather and range conditions were exceptionally favorable in 1938. (Continued on Page 2)

RULES POSTED ON WPA JOBS WARN OF DABBLING IN POLITICS

SAN FRANCISCO — Bulletin boards of all WPA projects in the 50 Northern California counties today carried copies of regulations defining illegal political activities and the policy of the Works Progress Administration concerning the exercise of the voting franchise of all workers.

The regulations were outlined in department instructions from Colonel F. C. Harrington, Federal administrator, in Washington to William R. Lawson, Northern California WPA administrator, whose headquarters are in San Francisco.

Colonel Harrington's instructions with regard to enforcement nationally of regulations relative to political activities were based upon provisions of the joint resolution adopted by Congress when it appropriated WPA funds for the remainder of the current fiscal year.

ROMA WINERS NINE TO PLAY MERCHANTS ON SUNDAY

The El Dorado County Merchants continue in fast company Sunday with a game scheduled at 2:30 at Marcus P. Bennett, Jr., Memorial Park against the Roma Winery nine, of Sacramento.

The Winery club has been playing during the winter in the valley and with notable success, so that the probabilities are that the Merchants will not suffer for lack of competition.

Merchant Manager Cliff Swesey states that a special reduced admission charge is being arranged for high school pupils, to which they will be eligible upon presentation of their student activity cards.

LONDON SPEEDS PARLEY PLANS

Poland Believed To Be Unwilling To Share Anti-Nazi Conference

By UNITED PRESS

BERLIN — Nazis hail new Rumanian trade pact as a definite defeat for Britain's anti-Nazi campaign.

BUCHAREST — Rumanians breathe easier, believing agreement with Germany has averted danger of war on Rumania.

BRATISLAVA — Slovaks mass near border to repel any further Hungarian advance into Slovakia.

BUDAPEST — Hungarians minimize importance of border fighting.

ROME — Newspapers report republican Spain is negotiating for outright surrender, perhaps tomorrow.

NAZIS CALL TROOPS

BERLIN — Posters were displayed throughout Berlin today announcing that the classes of 1906 and 1908 are called upon March 28 for two months of "freshening" training. Best available estimates were that the summons involves between 500,000 and 600,000 men. The summons was described as a purely routine measure.

4-POWER PARLEY

LONDON — Great Britain and France were reported today to be considering an immediate conference with Russia and Poland to line up a strong four power "stop Hitler" bloc reinforced by a concrete military agreement.

Britain and France were in close accord on the necessity for an anti-aggression declaration, Russia had agreed to this, Poland's reply was expected at any hour—but it was reported to be unfavorable.

It was evident that negotiations for a mere anti-aggression declaration had gone wrong.

Skiers Open Nominations

Preparations Also Begun For Annual Dinner; Bert Parsons, Chairman

Nominations of candidates in the annual election of the Placerville Ski Club were opened Thursday night with the filing of the report of the nominating committee. The election will be held at the regular meeting of the club on the second Thursday in April.

Nominees are, for President, Robert Carpenter and Leon Thomas; for vice-president, Bert Parsons; for secretary, Hazel Davey; for treasurer, Violet Cearley and Don Goodrich; for director to the state association, A. N. Weber; and for chief of hill, Floyd Poole.

The club also began preparations for its annual banquet and named Bert Parsons, chairman, Jack Berry and Harvey Lyons as the committee in charge.

Mr. and Mrs. Richards To Fete 55th Wedding

Mr. and Mrs. Ephraim Richards, of Nob Hill, will observe their fifty-fifth wedding anniversary at their home on Sunday.

Friends report that preparations for an appropriate remembrance of the occasion are being made.

NEWS PERSONALS

C. C. Herbert, forest road superintendent, was at Stockton Friday on business at the Forest Service equipment depot.

Farm Advisor Ivan Lilley with Glenn Paxton, Soil Conservation Project manager, left Friday morning for Pilot Hill to join B. E. Haslam, agricultural conservation association secretary, in a survey of conservation projects in the Cool-Penobscot district.

Girl Scouts of Camino gave a whist party Thursday evening at the school auditorium. There were approximately twenty tables and at the close of the evening refreshments of several varieties of cake and coffee were served.

Gets Man—Again

Smiling Miriam Cheskes telephones a friend her latest adventure. The New York girl, who recently caught a holdup man in building where she worked, again rose to glory by helping subdue youthful bandit attempting to rob shop she happened to be passing.

VANDALS GIVEN EDGE IN BOUTS

Coast Inter-Collegiate Fights Open Tonight; Finals On Saturday

SACRAMENTO — Eight teams, with the defending champions from University of Idaho ranked as the one to beat, mix tonight and tomorrow night in the annual Pacific Coast intercollegiate boxing championships.

While Idaho was the favorite by a slim margin, a fast, hard-hitting squad from Washington State College is expected to make the going rough for the champion Vandals. Other entries are San Jose State, a dangerous group, University of California, University of California at Los Angeles, University of San Francisco, Oregon State College and California College of Agriculture.

Unless San Jose, which like Idaho and Washington State entered full eight-man teams, upsets the expert's hope, the battle for team honors apparently lies between the Vandals and the Cougars.

The titleholders came bolstered with Karl Killian, the 1938 light heavyweight champion, and Ted Kara, members of the 1936 Olympic boxing team who now fights in the 127 pound division. Two other able contenders are Frank Kara, 135, and Joe Pallini, 155.

MANN GIVEN SIX-MONTH SENTENCE PLUS 25 DAYS

W. C. Mann, arrested last week-end at Fresh Pond on a charge of displaying a firearm in a rude and threatening manner, was sentenced Friday morning before Justice of the Peace T. F. Lewis to serve six months in the county jail.

Mann also will serve an additional twenty-five days, since the Justice of the Peace discovered that he had failed to comply with the court's order about paying a fine for a reckless driving conviction some months ago.

THREE WEEKEND GAMES ON HOME LOT FOR COUGARS

Baseball and more of the same is scheduled for the Cougars this weekend, and this afternoon they are well-launched for their work, doing battle against the Folsom high school at Marcus P. Bennett, Jr. Park.

Saturday morning it continues, with two games at Bennett park. Auburn high school is scheduled to come over with two clubs and the second strings will take the field about ten o'clock in the morning. In the afternoon, the first string teams of the schools will meet.

Incident to the Auburn invasion, the Placer nesters will also be here for a series with the Cougar racquetballers.

Mr. and Mrs. Glen D. Stevens left Friday morning to spend the weekend at San Francisco.

District Attorney Henry S. Lyon was at Sacramento on business Friday.

POSSE PURSUES WILD "TARZAN"

Wyoming Sheriff And 14 Picked Men Take Up Trail Of Slayer

CODY, Wyo., (U)—Ranchers of the remote Sunlight Valley kept deer guns ready today to guard their homes as Sheriff Frank Blackburn and 14 picked men started out with bloodhounds to trail Earl Durand, 26, shaggy-haired, raw meat eating killer of four peace officers.

The sheriff left here at dawn with the 14 picked, experienced possemen to attempt to track down the sharp-shooting mountain man, who escaped Wednesday night from a natural boulder guarded fortress in the canyon of Clark's Fork of the Yellowstone river.

There Durand had held off more than 100 possemen for two days with his well-placed shots, three of which slew two of the possemen seeking to "rush" his lair.

It took Blackburn and his selected group nearly two hours to go by automobile from Cody to the rugged canyon where Durand last was seen. His trail led upward toward the summit of 11,000 feet, snow blanketed Bear Tooth Mountain. Westward, "over the top," lay Sunlight Valley, with its 12 or 15 scattered ranches and a wilderness of evergreen forest and rugged surrounding mountains.

State Job Aide Is Promoted

Alston W. Sutton Takes Charge Of Vallejo Post On April 10th

Alston W. Sutton, for the past fifteen months in charge of the Placerville office of the State Employment Service, has been offered opportunity for advancement in the state service and will take charge of the State Employment office at Vallejo on April 10th.

Opportunity to accept the advancement came to Mr. Sutton during the week and his decision to transfer was announced Friday morning.

Mr. Sutton has been in the state Employment Service since January of 1937 and prior to that time was associated with the Community Chest in Sacramento for seven years, being manager of the Community Chest office for four years.

Since transferring to Placerville fifteen months ago from the state employment offices at Sacramento, he has become affiliated with Placerville Lions and has served for the past few months as the Scoutmaster of the Lion-sponsored troop of Boy Scouts.

Mr. and Mrs. Sutton are making plans to move to Vallejo early next month.

Workman Takes First In Steeplechase

AINTREE, Eng. — (U)—Workman, third last year, today won the 101st running of the Grand National Steeplechase.

MacMoffatt was second and Kilstar, the favorite, was third.

ALDRSHOT TATTOO WILL SYMBOLIZE BRITISH POLICY OF BEING "STEADY AND STRONG;" THREE MILITARY TOURNAMENTS PLANNED

LONDON, (U)— Three military tattoos and a "Royal Naval, Military and Air Force Tournament" are scheduled for this year.

The premier event is the Aldershot Tattoo, fixed for the Rushmore Arena, Aldershot, from June 7 to 10 and from June 13 to 17 inclusive.

The theme of this year's tattoo will be the legend of Drake's Drum, adapted and symbolized to support the theme "Steady and Strong." The theme is based on the words from Newbolt's poem "Take my drum to England, hang it on the Shore, Strike it when your powder's runnin' low."

There is to be a pageant of the army from Queen Elizabeth to present day, with mechanized units and airplanes.

The Northern Command Tattoo at Roudhay Park, Leeds, is scheduled for June 28 to July 1 and July 5 to July 8, inclusive, while the Tidworth Tattoo on Salisbury Plain is set for July 28, 29 and July 31 to Aug. 5. They follow lines similar to the Aldershot Tattoo, although different bands and regiments will participate.

The Royal Naval, Military and Air Force Tournament, scheduled for May 18 to June 3 at Olympia, London, is mainly a sporting event, with competitions for speedy assembling of guns, tugs o'war, fencing and boxing.

There is also Navy Week, at Plymouth, Portsmouth and Chatham, the principal naval centers, on Aug. 5-7 and Aug. 12, when the public is allowed to prowls all over Britain's dreadnoughts for one shilling (and children under 14 sixpence). This includes transport to the ships and a seat at all the demonstrations and displays.

RAIL COMMISSION ADVISED OF CONCERN IN WATER PROJECT

Chamber Of Commerce Addresses Letter To Board On Eve Of Mass Meeting At Cool To Air Georgetown Ditch Situation

The El Dorado County Chamber of Commerce feels "that the seriousness of the situation warrants an immediate careful and thorough investigation" by the state railroad commission of the Georgetown divide water problem, according to a letter drafted by the water committee of the chamber of commerce Thursday and mailed to the railroad commission on the eve of tonight's mass meeting on the water situation, at Cool.

Six Executed For Murder in Prison Break

COLUMBIA, S. C. (U)—Six men died in South Carolina's electric chair today within 45 minutes. They were executed for the murder of J. Olin Sanders, guard captain, during an attempted break from the state prison in December, 1937.

Those to whom the state refused to "show mercy because they showed no mercy" in killing Sanders were:

J. V. Bair, 28, Sumpter, S. C.; Clayton Crans, 29, Rochester, N. Y.; William H. Gentry, 25, Summerville, Ga.; Herbert Morrison, 42, Detroit, Mich.; Roy Suttles, 29, Simpsonville, S. C.; George Wingard, 23, Lexington County, S. C.

Prison officials led the men to the chair—one by one—in the order they had entered Capt. Sanders' office when they attempted to force their months ago.

POWER FIRM WORKER IS TAKEN SUDDENLY ON FRIDAY

Arrangements for the funeral services for Antone Kofler, since 1932 an employee of the Pacific Gas & Electric Company at Camp Five, are in the care of Memory Chapel.

Mr. Kofler, a native of Austria, born June 16, had been employed with the company here since 1932. Prior to that time he had been employed by the general construction department, on the Salt Springs Dam.

He had been in poor health for several months and died suddenly Friday morning, presumably of a heart attack. A brother, in Milan, Italy, survives.

Coroner A. J. Orelli indicated an investigation will be made before filing the death certificate, but that it is not likely a formal inquest will be called.

Among those at Sacramento Friday to attend the state chamber of commerce meeting were James A. Irving, Wallace M. Ripley and Oden Hook. It was also reported that Dr. W. A. Rantz would attend. Claire Butts is up from Monterey to spend a few days visiting relatives and attending to business matters.

Sheriff George M. Smith reports the arrest of one C. E. Whiddle, for an investigation of his alleged check-writing activities.

Representations to the railroad commission in behalf of the water users were authorized by the chamber of commerce at its regular meeting last Monday night, following the report of a special committee on the subject.

The letter was drafted by C. E. Barker, chairman of the water and irrigation committee of the chamber of commerce and is as follows: "At a meeting of the El Dorado County Chamber of Commerce held on Monday, March 20, a comprehensive report was made by a special committee relative to a very serious water condition in the Georgetown area in El Dorado County.

"At this meeting the members heartily endorsed, by unanimous vote, the efforts of the residents of the Georgetown Divide to secure a water supply under the present ownership and management.

"We feel that the seriousness of the situation warrants an immediate careful and thorough investigation by your commission. The directors and members of this Chamber of Commerce will gladly co-operate in any way in which they may be of assistance."

Meanwhile, preparations were reported as completed for the mass meeting to be held tonight at Sierra View Hall, at Cool and the prospect continued that the meeting will be one of the largest in point of attendance ever held on the Georgetown divide.

The mass meeting, at which State Master George Schmeier and County Farm Bureau President James A. Irving will share the platform, was called under the auspices of Pilot Hill Grange No. 1, of which Stephen Lovejoy is master, as a step in community service.

Schmershal Starts On 2 Jobs Monday

Frank Schmershal, contractor, reports that work will be started on two building projects Monday morning in Placerville.

A new brick building is to be erected for Walter G. Freddy on the property between the Placerville Garage and the Raffles Garage. Mr. Freddy has purchased the property from Annie Yaeger. The building will be designed for rental but is not being erected for any special tenant.

The second contract on which work will be started Monday is the exterior rehabilitation of the headquarters of the county Historical Society, on Sacramento Street.

Some other activity is pending in the community but we were advised by the parties concerned on Friday morning that any mention of plans at this time might be premature.

Henry Bacchi was among the callers from Lotus on Friday.

Peter Interprets Christ's Sufferings and Death

HIGHLIGHTS OF THE SUNDAY SCHOOL LESSON 3-25

Lesson on the above topic for March 26 is 1 Peter 1:17-23; 2:20-25, the Golden Text being 1 Peter 3:18, "For Christ also hath once suffered for sins, the just for the unjust, that He might bring us to God."

By NEWMAN CAMPBELL

WHAT LESSON can we learn in the preaching of Peter, the fisherman, given us today? There is no use praying, says Peter, if we are not willing to believe and to practice good works. We must love one another with pure hearts, he states, otherwise our prayers will not be heard.

To love each other seems easy at first glance. We have no ill will toward anyone of any race or creed, we think. Then we have only to go into the world and be knocked about by hurrying crowds, or to meet some one who is rude or disagreeable, and we flare up and forget all about our "love" for one another.

Jesus loved us so much that He died for us, we are told. "He was reviled and rejected of men; a man of sorrows, and acquainted with grief." Yet God "so loved the world, that He gave His only Begotten Son that he that believed on Him should be saved."

"We all like sheep have gone astray; we have turned every one to his own way." He was oppressed, and He was afflicted, yet He opened not His mouth: He is brought as a lamb to the slaughter, and as a dumb sheep before the shearer is dumb, so He opened not His mouth.

We are quite apt to think that a person who will not "stand up for himself" is lacking in manliness (or womanliness), but doesn't it take more courage to control the feelings and "do good for evil" than to let our angry passions rise and quarrel?

"For what glory is it," asks Peter, "if, when ye be buffeted for your faults, ye shall take it patiently? But if, when ye do well, and suffer for it, ye take it patiently, this is acceptable with God."

"Christ also suffered for us, leaving us an example, that ye should follow His steps: Who, when he was reviled, reviled not again; when he suffered

He threatened not; but committed Himself to Him that judgeth righteously."

It is a good thing that shortly before Easter, when we celebrate the Risen Christ, we should dwell upon His life and what led up to His death—and on His sufferings. He went about doing good, but the Son of Man had not a place to lay His head.

Peter may have felt rebellious as well as sad and lonely when Jesus was crucified, and felt that He should have saved Himself, but he came to realize that that cruel death was all part of the plan, and that in no other way could the Christian religion have been such a power for good in the world.

No one is more honored in the world of men and women today than the one who gives up his life for others. Do you know of any who have so done? The mother who saves her child and loses her own life; the man who drowns or is killed that he may protect others—no matter how cynical and unbelieving in man's goodness people may be, they honor and revere such a one.

A story is told about the United States Civil War. A band of guerrillas—Quintess' band—had been rioting. They had burned a town. The command was that they were to be shot on sight. They were captured and lined up to be shot. Just before the fatal shots were fired a man dashed through the bushes and cried, "Stop!"

He said he was a member of the gang but had escaped. He pointed to a member of the gang and asked to take his place. "I'm single," he said, "while he has a wife and babies."

This was done, and the man for whom the young chap had died buried his body. Years later, when he was a wealthy man, he erected a tall marble monument over the grave.

Peter wrote his gospel to those early Christians who were being persecuted for the sake of their religion. He urged them to stand true no matter what martyrdom is to be theirs. But his words, as well as the example these brave people set, are an inspiration to us of this 20th century—nearly 2,000 years after they died for their faith.

Church News

"Matter" was the subject of the Lesson-Sermon Sunday, March 19, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text was: "Thou shalt not take the name of the Lord thy God in vain; for the Lord will not hold him guiltless that taketh his name in vain" (Ex. 20:7). Other Bible citations included: "Thine own wickedness shall correct thee, and thy backslidings shall reprove thee: know therefore and see that it is an evil thing and bitter, that thou hast forsaken the Lord thy

God, and that my fear is not in thee, saith the Lord God of hosts" (Jer. 2:19).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is not the author of matter, and the creator of ideas is not the creator of illusions. Either there is no omnipotence, or omnipotence is the only power. God is the infinite, and infinity never began, will never end, and Whence then is soulless matter?" (p. 249).

INCOME DROPS ON LIVESTOCK

(Continued from page 1)

in all parts of the state. Excepting 1935, ranges had the best feed in ten years.

Other highlights of the report: The horse population of California and the number of mules on farms showed little change.

The number of cattle on farms in the state declined four per cent during 1938, all of the 92,000 head decrease being beef stock.

Marketings of California cattle in 1938 were much above the average for the years prior to 1936 but substantially lower than in 1937.

The number of cattle shipped out of the state also dropped but the total was above average. Cattle shipped in as stockers and feeders also declined below recent years and below average. However, cattle shipped into California for immediate slaughter set a new high record, comprising about 29 per cent of the total number used by meat packers in the state.

Of a total of 1,558,000 cattle and calves slaughtered in plants under meat inspection services, 1,081,000 were cattle and 477,000 were calves.

The volume of cattle fattened in state feed lots in 1938 was large, again emphasizing the tendency in recent years to expand feedlot operations in California.

The number of milk cows in the state remains about the same as in 1937. A total of 23,000 dairy cows were shipped into California in the year, the smallest number imported since 1934.

The report states that the dairy 9:30 a. m. Wednesday evening. Testimonial Meeting 8 p. m. The reading room at the church building is open Tuesday and Friday from 2 o'clock until 4 o'clock.

7:30 p. m. Evening Service. Theme: The Crucifixion. A sermon from Munkacsy's painting by that title.

CATHOLIC CHURCH

Mass will be celebrated in St. Patrick's church on the first Sunday in each month at 8 o'clock and at 10:00 o'clock. Mass on the other Sundays at 9 o'clock.

Envoy to London

Pictured leaving his London office is the Duke of Alba, appointed by General Franco as Nationalist Spain's ambassador to Great Britain. Alba, a grandee of old Spain, holds a British dukedom as result of descent from a child of King James II.

Industry experienced generally favorable conditions during the year. Feed was plentiful and available at lower prices than in 1937. Prices received for dairy products declined somewhat during the year and the average farm value of milk cows fell off about seven per cent.

Numbers of stock sheep in the state increased 3 per cent in 1938. A very good spring lamb crop and light losses during the year resulted in some increases in numbers even though marketings and out of state shipments were heavy.

The 1938 season was excellent for sheep men from the standpoint of feed and weather. The returns from the sale of wool were much below 1937. The 1938 lamb crop was about 26 per cent larger than in 1937 and was the largest crop since the start of such estimates in California in 1923. Copies of the annual livestock report may be had free of charge from the Federal-State Crop Reporting Service in Sacramento.

SUMMER RANGE OUTLOOK SHOWS LACK OF NEW PASTURAGE

SACRAMENTO — Although recent rains will revive growth of green feed in those sections of California affected by the recent period of sub-normal rainfall, complete recovery of the ranges is not likely and prospects for summer range feed are poor in the affected areas, the Federal-State Crop Reporting Service reported today at the State Department of Agriculture.

The dry period of February and March was especially detrimental to ranges in the early lamb sections on the western foothills of the Sacramento and San Joaquin Valleys. Along the central coast, where, ordinarily green feed is abundant by March 1, new pasturage is very short.

Some parts of the southern one-third of the state and in the eastern mountain districts will have good range conditions and the recent rains will bring general improvement in those sections. Late ranges in the extreme north of the state have also good prospects for spring feed.

The crop reporting service said that the condition of cattle was well maintained during February despite a shortage of green feed in most of the main early beef sections. For the state as a whole, the outlook is that grass fat cattle will move to market later than in 1938 and in smaller volume because of fewer numbers available and because many will not attain market finish on grass. Cattle in the mountain areas have wintered well and are in good condition.

OTTO HERRMANN

Sports Parade

By HENRY McLEMORE

CLEARWATER, Fla., (P) — Fat Freddy Fitzsimmons was standing across the street waiting for his wife and daughter to come out of a store. By all rights Father Time should have been standing there behind him.

But Whiskers wasn't there at all and neither was Old Man Hard Luck who has shadowed Fitz for years. They both will have to come back some other time because Fat Freddy is getting ready to start his fifteenth campaign in the National League which makes him the league's oldest pitcher in point of service.

Even with hard luck snapping at his heels most of his career, Fitz has won 185 games, more than any other National League hurler except Carl Hubbell. He probably has lost more one-run games than any other pitcher in the majors, and who will ever forget that heart-rending fourth-inning he tossed against the Yankees in the 1936 world series only to lose it?

Shipping a player down the river to the Dodgers after nearly 13 years with the Giants would have taken the heart out of most men Fitz's age (he is 37) but he came back last season in his first full year with Brooklyn and won 11 and lost 8. His earned run average was 3.01 the league's fifth best.

And now Fitz is talking about pitching five more years.

"I wanted to be a 10-year man and made it," he said. "Then I set my sights for 15 years. This year will make my 15th, and now I want to go five more after this one. And I feel as if I have a chance to do it. I know more about pitching now than I ever did and I haven't had any trouble with my arm since I had it operated on in 1935."

One of the interesting things about Fitz's operation was it was made necessary by exactly the same kind of trouble which caused Hubbell to have to undergo his operation last fall.

"Hubbell and I went to the doctor in July, 1935, and had our elbows X-rayed," recalled Fitz. "They showed exactly the same kind of trouble in the joint. You couldn't tell the X-rays apart. But my trouble was farther advanced than Hubbell's. I couldn't comb my hair after I pitched a game, and I either had to have an operation or quit baseball. Hubbell's trouble kept getting worse until it was just like mine."

"I pitched again the same season, and incidentally it was against Brooklyn, losing, 1-0. I don't see any reason why Hubbell can't come back and have a good year just like I did."

The toughest thing Fitz ever had to take was when Bill Terry came in the clubhouse and told him he had traded him to Brooklyn.

"I felt like I'd always be a Giant," said Fitz. "I had played eight years for McGraw and I never thought I'd play any place else. But that didn't affect my friendship with

A radio theater for KSFO fans and a plantation party for KGO listeners are promised at six o'clock and KPO follows through with Guy Lombardo at seven and Jimmie Fidler at 7:45.

Amos and Andy come on the same station right after that, and then Lum and Abner hold sway at 8:15 on KSFO, being followed at the half hour by Burns and Allen, while KPO schedules Death Valley Days and KGO offers Waltz time.

There's another radio play on KSFO at nine o'clock, with Jack Haley at the half hour and KPO offers a circus, followed by Good Morning Tonite.

PROPOSED HEALTH BILL CALLED TO ATTENTION OF FARMERS

SACRAMENTO—A statement issued today by Chester H. Rowell, chairman of the Governor's Committee on Health Insurance, urges farmers and other self-employed persons of modest incomes to consider the importance to them of supporting the administration health insurance measure (Assembly Bill 2172, Senate Bill 1128), rather than any so-called "voluntary" plan.

"Because this measure, in its compulsory provisions, insures medical services for all wage earners receiving less than \$3000 a year, it has been possible," said Mr. Rowell, "under the plan, also to offer voluntary participation by self-employed persons of corresponding incomes. Farmers, professional men and small business men would thus be able, at minimum cost, to secure medical and hospital protection from the physician and hospital of their own choice, including drugs, laboratory tests, and essential specialist services. No existing system can offer as much, and none of the so-called 'voluntary' systems could afford to open it, unless at prohibitive cost, to those who, like farmers, would have to join or be 'sold' as individuals."

Terry. We are still friends and I heard the other day that when I was through pitching I could always get a job with him. I appreciate that. I'm making my plans to keep on pitching for a long time. But I'll never leave baseball. I've put my whole life into the game and I intend to stay in it."

Fitz is one of the fellows who is helping take the daffiness out of the Dodgers. He lives baseball, and is constantly helping other pitchers on the club. One day he is showing Whit Wyatt how to hold a runner on first and the next thing he's helping Tot Pressnell with his knuckle ball.

Stay away, Father Time, and let Fitz alone. He's doing all right.

W. C. FIELDS, EDGAR BERGEN and Charlie McCarthy in "You Can't Cheat an Honest Man" coming to the Empire Theatre on Sunday and Monday.

"CAN'T CHEAT HONEST MAN" EMPIRE ATTRACTION FOR TWO DAYS

Edgar Bergen found the gates to Fame one night in a Chicago night club.

The next night he kicked those gates wide open. Then, accompanied by his side kick and principal annoyance, Charlie McCarthy, he started his triumphant march to the capital of that elusive land known as fame.

The rise of Bergen and McCarthy has been swift and true. When they seemed to have reached the top, they have startled onlookers by soaring still higher. This is especially true of their film career in which they reach new heights with W. C. Fields in Universal's "You Can't Cheat

An Honest Man," which comes to the Empire Theatre on Sunday and Monday.

"Pacific Liner," which serves as a starring vehicle for Victor McLaglen and Chester Morris, is the Saturday feature.

With its action transpiring on board an ocean steamer, the story presents McLaglen as the masterful chief of the ship's engine and fire rooms, Morris as the vessel's doctor and Wendy Barrie as a nurse.

OWN TOMBSTONE

SARATOGA, (P)—Harry L. Tracy, 75-year-old caretaker of the Madison cemetery here, has started a job which he admits he will never be able to finish. He has carved his own tombstone and erected it on an empty burial lot. The tombstone carries the year of his birth.

LAUNDRY DELIVERED

CLEVELAND, O., (P) — Frank Fridel, who has been delivering and collecting laundry for 49 years in this city without an interruption, still serves 13 of his original customers.

IT'S A LIE!

Customer satisfaction is a great thing, but the motorist who has been telling his friends his car is greased once a year because we do such a thorough job is exaggerating.
